Fr. Samuel Simick	-Tertianship, Sitagarha
Br. Clarence Joseph	-Tertianship, Shembaganur

St. Xavier's School and Community

After many days of holidays, all are back and are actively involved in various ministries. We had special prayers in the community on 5th and 6th of February on the occasion of Jesuit feasts. Our Jesuit Fathers and some Sisters who came for the Vicariate meeting on 8th of February stayed with us. Fr. Ignatius, Fr. Tomson and Fr. George were not well for a few days because of the climate change. Sr. Enedia and Sr. Grace who came for visa work from India stayed with us for a few days. Soon we will be approaching the end of the academic year. English department meeting was held on 30th of January. Class 6 picnic was on February 1 in Bal Kumari. We had evaluation of the best students on 5th and got one day holiday because of strike in Kathmandu. We had our Class 3 and 4 Parents' night program on 8th. Staff meeting was held on 11th and we discussed about different issues. Class photos were taken on 12th. We had all our clubs exhibition on 14th. Scholarship meeting was held on 15th. Our local Police officers gave a talk on the topic of Cyber Crime and students learned many things from that program. Class 10 farewell program and best students' award for various classes was held on 19th. Cycle test started from 19th. At present all the teachers are busy with corrections, preparing questions for final exams, and other activities.

Moris Martin Anthony S

ST. XAVIER'S SCHOOL, GODAVARI

The first week started with SEE preparation Exam for class 10. On February 4, Fr. Starr Football Tournament for girls was held and below class five standards participated in the event. February 9 was the event of Science Exhibition and blood Donation Day. In spite of bad weather forecast, thunder and lightning student's from 1 to 9 came to the school and presented their innovative models during exhibition. Mr. Gunaraj Pokharel, Education Development and Coordination Unit (EDCU) was the chief guest for the event.

A little girl worked hard and brought her beautiful model. Unfortunately her parents did not come to the school and it was sad day for her.

Annual School Award Ceremony was an important event of the year. The students could see their mirror images of their performances. The school captains were chosen. The school also gave farewell to class 10. February 16 was hiking day for classes 7, 8 and 9. Without any difficulties the students hiked to Champa Devi, Nagarjun and Shivapuri hills. Same day classes 11 and 12 had family day with delightful performances. Kudos to Sr. Seema and the faculty for their hard work and accompaniment to their students.

The community members Frs. Samuel and Bill were sick due to cold and fever. The temperature of Go-

davari is still down. The second week had a bit of rain and snow on the hills.

School Mela is one of the big event in the school calendar. The students had a platform to execute

their potentials and talents. The team members were parents and the school staff and their contributions were significant. Fr. Samuel Simick, Mr. Suberna K.C., Mr. Laxman Gurung and Sch. Devad-

has worked tirelessly to make the event successful. The event was filled with colorful items, door prizes, games and sumptuous food stalls. First Bumper Prize went to Monil K. C. from class 12.

Godavari Ashram building is set to be blessed. Thanks to all the donors for their generous support: Missio, Aachen, Germany, Japan Jesuit Province, Association Fraternelle Internationale, Jesuit Mission, Zurich, Switzerland and Nepal Jesuit Society.

David Ekka

On February 2, we had 20th annual Sports Day. Students, teachers and the parents gave their best to make the day a fruitful one. Mr. Sharad Kumar Khatri SSP, Dharan was our Chief Guest and Mr. Hari Khadka, the former captain of Nepal football team was our guest of honor. It was a best display of sportsmanship. On February 3, Fr. Paul KC brought a group of guests from Shishu Bikas Kendra, Pokhara. February 6 onwards, the students began their Pre SEE, DLE exams; and the 6th cycle test for the rest. We were happy to have Fr. Amrit Rai amidst us. Meanwhile Fr. James went for his REGAE II to Matigara. We had Fr. Lawrence Maniyar and two other Patna Jesuits for a short visit to our community. Fr. Arul, the Superior attended the Vicariate pas-

toral planning at Kathmandu along with few other Jesuits from Jhapa. On February 18, we were happy to have Fr. Boniface Tigga, S.J. as a resource person and moderator for one day teachers' seminar cum evaluation of the year 2018-19. He wisely led us to look back the whole year's activities adapting the 'REGAE' Process. The process was well appreciated by the teachers. Sch. Akhlesh Lakra has completed his second year exam of his M.A. in English. On February 26, our senior basketball team under the leadership of Sch. Akhlesh played a friendly match with Suryodaya English School, Damak. SXD won the match. Thanks to the Cluny community for hosting this well-organized match.

MORAN MEMORIAL SCHOOL, MAHESHPUR

Moran Memorial students celebrate Sports Day

PARISH:

After the baptism of 13 faithful, the marriage bells continued to ring as Fr. Norbert blessed three couples and regularized their marriages. The local Christian community of Dhulabari organized a picnic at Bansbari and the participation was very encouraging. The Catholic community has become very vibrant and participative now. Ms. Nutan, sister of Br. Clarence, is with us for a few days. Mrs. Helen Uron, one of the parishioners passed away.

SCHOOL:

The Annual Sports day was concluded successfully. Fr. Dennis was the chief guest for the annual event. The pyramids, the relay race, marathon, march past, bamboo race were some of the highlights of the Sports Day. We had few items for the parents and teachers as well. Now, the major events of the year are over and the students are busy preparing for the final examinations.

Boniface Tigga

ST. XAVIER'S SCHOOL SADAKBARI

Teaching staff of SXS

Month of February began with Parents' Day. Makeshift *pandal* was filled with parents and guardians. Our Chief Guest was the Resource Person of Jhapa Gaon Palika Mr. Khadga Kharel. He gave a beautiful message for the parents, students and staff - "SXSS has been playing a role to bring transformation around. Everybody knows about SXSS. Though it is a primary school yet a considerable number of students are here." Along with the Resource persons, our SMC members also were guests. Every parent was happy to see children on the stage. The 5th cycle test was held from February 4 to 8. On February 6, Siddhanta Shrestha, a volunteer and a former student of St. Xavier's College left for his home and the students and staff were bit emotional. Fr. Peter went to Matigara to attend REGAE II workshop. On February 8, Fr. Vijay left for Kathmandu to attend meeting organized by Rt. Rev. Bishop Paul. Since both the Fathers were absent, parishioners went massless on Saturday, February 9. Fr. Amrit visited us on February 13 and 14 along with Fr. Arul, our Local Superior. We are having final cycle test on these days.

SHISHU BIKASH KENDRA, POKHARA

The Month of February has been extremely favorable to SBK in various ways. Fr. Paul along with the SBK teaching and non – teaching staff went to Jhapa and Siliguri for the teachers' exposure program. They went to different schools in Jhapa and had interactions with the teachers and people. They have wonderful experience of meeting with people, known and unknown. They were glad to see familiar

faces. Though some teachers cannot speak but they could express their happiness by sign language meaning, "Hamro Fathers & Hamro Sisters". For all the logistic and grand hospitality thanks a lot to all the communities at Jhapa. Though the weather was cold but by the warmth of your love and care all our teachers are back rejuvenated, happy and healthy. Fr. Paul stayed on for few days to attend the REGAE - II workshop at Matigara. He found the workshop good and fruitful. Fr. Roy paid a surprise and flying visit to SBK with a Jesuit volunteer. Banaras based Jan Vikas Samiti Fathers organized two days of workshop program on fund raising in Pokhara at the Lake Side. Sr. Ranjita partook in the program from SBK. There were around 26 participants in the program including Fr. Dilip. Fr. Amit went to Kathmandu to attend a meeting organized by Rev. Bishop Paul Simick on Pastoral Planning. God has been gracious to St. Ann's parish, in the ab-

sence of Frs. Paul and Amit, Fr. Dilip was with the parishioners on the Sabbath day to celebrate Mass in the church for the faithful. Fr. Paul got infected with common cough and cold on his way back to Pokhara from Matigara. He took enough rest and is back to good health. He went to Manipal hospital for the eye check up. He has gone to Kathmandu to renew his smart license.

Some students of SBK left the institute due to parents' posting of job to other cities after the winter break. New students have filled in their seats. All the new students are getting to know the rules and regulation of SBK. SBK teachers visit the students' houses on Sundays which has created a special bond between the child – parent and staff. Fr. Amit has joined Prithvi Narayan

Campus (PNC) for M.A. in the semester system at Bagar, Pokhara and goes for the classes in the morning. All our youths of the church are busy these days preparing for the final exams. A group of Korean students, some of them Catholics attended the Nepali Mass on Saturday. They joined us in faith by singing few Korean devotional songs and mesmerized our people and motivated the choir group by their sweet and melodious voices.

Fr. Amit Lakra

ST. XAVIER'S SOCIAL SERVICE CENTER

The boys and girls of Social Service Center, for the first time, had their winter camp at Jawalakhel. Resource persons from various fields had been called to educate and motivate children. Fr. Amrit Rai inspired and motivated the children to become persons for life. Traffic police from head-quarter came to orient the children on road safety and traffic rules. Sr. Aisha SCN dealt upon the topic of child abuse and on safety measures to be taken by children to protect themselves. Mr. Chetan Karki and Mr. Murari Sigdel helped the children with literary development. Mr. Jai Bahadur Malla, a yoga expert encouraged the children to practice yoga for healthy living by demonstrating different postures. St. Xavier's Social Service Center thanks the resource persons for rendering their services to the children. The children from Aruna Bhawan, accompanied by all the staff had a one day outing and hiking in Kirtipur region to discover, know and see the beauty and reality of Nepal. Martyr's day was observed with solemnity at Aruna Bhawan by organizing presentation on martyrdom and conducting discussion on the same to impart a sense of reverence and be inspired by their lives. Moreover, children are involved

in different competitive activities to boost and increase their knowledge and understanding regularly. Mandir Tamang of Gafney Bhawan who was called Baje with love passed away on February 15, 2019. He was deaf and dumb and had no one. Though disabled he was able person in many ways. He was happiest and cheerful always. May God grant him eternal rest. Mr. Anil Budhathoki from boy's home has been transferred to Gafney Bhawan as an in-charge there and Mr. Nuchhelal Khadgi has been asked to come at Jawalakhel center to motivate and guide the children regularly. Two boys namely Pratik Roka Magar and Anil Magar have been handed over to their guardians who have decided to pursue their studies at the respective places. Bikas Sunar, class 10 student has been asked to stay at St. Jude's hostel run by one of our Catholics for better study opportunity. Mr. Mithan Buda has joined Gafney Bhawan for the purpose of helping the aged and continue his studies. Mr. Manoj Chalise, a volunteer staff has been given farewell and best of lucks for his wedding. He plans to get married on March 11, 2019.

Dilip Toppo

CAMPION HOUSE

SXC had busy days in February, with its Departments and Clubs conducting an array of end-of-the-year activities. The Department of Microbiology conducted a 3-day hand on training in Molecular Techniques and Bioinformatics for the faculty members of different departments of the college. Mr. Sandesh Maharjan was the resource person. Likewise, four research projects by the Micro-biology faculty members are going on in which students are also working as co-researchers. The same department has also submitted three detailed research proposals to UGC for funding. In the recently held Social, Environment and Technology (SET) exhibition M.Sc. students from the Department of Micro-biology stood first in the Environment category. Fr. Charles Law Memorial Research Lab (Micro-biology) had another addition to it as a new Media Preparation Room was created alongside the existing Distillation Plant.

Two of our Masters in Business Studies (MBS) students, Ms Bobby Bajracharya and Ms Geeta Rai, achieved praise-worthy grades in their recent board exams by scoring a GPA 4 in Statistics and Managerial Communication, respectively. Geeta Rai is a Catholic girl whose mother hails from Tipling.

The BBS & MBS fourth year students finished their presentation on Report Writing. Dr. Suman Kumar Regmi was the evaluator. The students from the Department of Social Work (BSW) raised Rupees 353,352 through various charity events to buy and distribute winter wears to the needy in Chitwan (Chepang community), Pokhara and Kathmandu. It was a part of their annual community out-reach event, titled, Winter Warmth.

The Department of Computer Science finished its annual Cisco Boot Camp in the first week of February. Mr. Kumar Pudasaini, a Cisco certified instructor, conducted the camp. Forty-seven students from the same department went for their annual camp to Chitwan where they helped a government school to build and equip its own science lab. The Department also had its Graduation Day for BIM 2014 Batch in February.

The Department of Major Arts (BA) conducted its annual Family Week with many and various activities and competitions in the first and second weeks of February. They also had their welcome and farewell programs for their newest and oldest batch, respectively.

The A Level Department had their annual Family Night on 1st February. The certificates and medals for the winners of different competitions in the annual A Level Meet, conducted by St. Xavier's A Level Society (SAS), were distributed during the function. A2B lifted the A Level Section Cup. As the program progressed, Watrin Hall had standing room only. In the recently held 24th Social, Environment and Technology (SET) exhibition, our students from Class 11 bagged the first prize for their project titled, Density-based Traffic Control System. There were over hundred projects on display from various schools and colleges in the Valley. The Exhibition, which was scheduled for 8th of February, had to be shifted to the 10th of February due to bad weather. The postponed day happened to be Saraswati Puja Day in Nepal and was considered to be the most auspicious day to conduct the SET exhibition from this year on. A week prior to SET Exhibition, the SXC Cycle Rally was organized by the SET Council. The rally saw over 600 bikers in green vests, biking twenty-seven kilometres in the Valley.

The SXC Eco Club performed their third one-act play, in as many years, on 29th January. This time, the play revolved around the present situation in Nepal's hospitals. The SXC Chemistry Club organized their annual Intra-College Chemistry Olympiad on 1st February. Over 400 students participated in it. Two of our A Level students returned with rich experiences from an Exchange Program in the Netherlands. Our Class 12 students won the first prize for their project titled, Piezo-Smart City, in the Science Exhibition conducted by South Western College in the second week of February.

Mr. Peter Church, a close friend of many Nepal Jesuits, stayed with us for a couple of days in early February. Dr. Magimai and Mr. Stanley from SIGNIS India were with us for a couple of days in the third week of February. They were here on a feasibility study in view of extending their program to the Catholic youth in Nepal. Prof. Branislov Pupa-la from Slovakia has returned to his familiar Room No. 11 in Campion House for a month. It's always a pleasure to have him in our community.

Anup is sweating it out with his mid-semester, end-semester, and never-ending MBA exams. Jiju has his hands full as he tries to juggle administration, decision making, construction of the new block, procurement of furniture for the new block (visited Delhi), settling the pending legal issues of the College, planning for the coming academic year,

sitting through long and not-so productive meetings, and longing for the day when he could complete his MPhil thesis. Fr. Cap is recovering from his back spasms, slowly and steadily and hopes to bounce back to his mission in the College, as the ides of March approach.

Jomon Jose

NEPAL JESUIT SOCIAL INSTITUTE [KAMAL NIWAS]

After the assessment done in the previous month, this month NJSI got occupied with the approval of projects as per the need. We have been planning out all the essential means to reach the unreachable ones. By the end of this month we will be ready with our blueprint of all the projects for this year. Simultaneously, there are some activities happening around. The most challenging and awaited project “A Road Construction to Tipling” is on the verge of completion. Similarly, an entrepreneurship program has been started targeting 27 women of Danuwar Community at Jaretar. Each group has its own plan to start up the business; one group consisting of 4 members is going to start tailoring business, another group consisting of 5 members is going to start poultry business and the rest of the groups consisting of six members are going to

start their goat rearing business. The main motive of this program is to make women economically independent and bring some sense of achievement within themselves and towards the community. Along with this, NJSI is going to give them a training program according to their field in future. The training will be on how to rear animals in a systematic manner. They have been involving themselves in animal husbandry field in a local level now. In the future through the training programs, they will get some ideas to reach up to the market as well. A volunteer Godfroy Gilardoni from France has joined NJSI in February for three months. Basically, he will be helping us in the construction sector as he is a civil engineering student doing his Masters.

Ms. Shristi Thapa

GOOD SHEPHERED PARISH, TIPLING

Fr. Amrit and Juel braved the mountainous terrain for their official visitation of the Tipling Jesuit community. They returned to Kathmandu after three days of stay, leaving us at 4 o'clock in the morning on foot and in the heavy rain. They did escape the snow storm that hit the following morning. While here, they made time to address public meetings in Majat and in Thulo Gaon and inspected the new road construction.

The new road has reached Tipling village and to Airon. The dozer crew is currently putting the finishing touch on the road, in and around the community and wherever needed. Diesel for the dozer in the meantime has to be brought in by mules; the

NJSI JCB constructing a road in Ruby Valley

option was by a helicopter. The cost would have been the same but with mules the money stays with locals. The road itself is being used in all manner by sentient beings going to and fro, and also by non-sentient being, the first motorbike.

Both schools, the primary in Thulo Gaon and the high school in Lapdung, held well organized Annual School Days, featuring prominent guests, parents, prize distributions, song and dance items, volleyball final and of course, food. Class 10 has since completed their courses, written their finals and marked the occasion by inviting the staff to a farewell picnic at their expense.

Speaking of food, the SJ community appreciates the presence of the dozer crew's cook, Phalam, with his culinary skills and his repertoire of menus.

The four Cardoner young men who have volunteered for up to five months seem to be faring well. They stay in a Home Stay in the village. Fr. Ayar is their big brother especially sensitive to their dietary needs.

Fr. Tek returned to Tipling from Kathmandu after submitting his thesis proposal for M.A. in English. Frs. Ayar and Mike, held the fort in his absence.

The local Municipality took back the internet equipment which they had so generously loaned. The trial was a success as in the mean time we came to learn of internet's feasibility here and some possible options for it in the future.

Jesuits Sources

Snow covered Jesuit House

ST. IGNATIUS PARISH, BANIYATAR

I remember one of my teachers talking about this thing many years ago. And she explained, nothing is impossible because impossible itself says I M POSSIBLE!! This impossible thing our *Crusveer* is doing in their actions now in our parish. Most of our musicians have left for abroad for studies therefore little ones have taken up the responsibilities of making the church choir more vibrant. For long time it was thought that choir was of youth. But now it looks like it's of *Crusveer*. They take the lead role in parish choir. But our youth never sit back, they take one step still ahead, they have chosen other ministries, to help children in their studies. They have started evening tuition for the children in the parish, around 35 students come from different schools to have tuition. Youths have taken turns to prepare them for the final exam. This ministry is done under the St. Vincent De Paul Society. Path for the Way of the Cross around our property is under construction. We had two Saturdays prayer services for CFC group. Assumption Cathedral CFC came and conducted the prayer services; and they were attended in good numbers. Thanks to Frs. Ignatius and Anil for helping them in confession. Good to see our Legion of Mary group, practicing the motto very faithfully, visiting the sick and aged people and praying for them.

Tej Kalyan Kujur

DESIDERI HOUSE

February has been a blessedly low-key month here in Boudha. The Cardoner Volunteers settled into work in Tipling, and the last of the Australian immersion programs, a Cardoner Project group led by Fr. Alan Wong SJ, left Nepal just before the month began.

As usual, we had a string of interesting visitors and house guests. Mr. Peter Church, formerly of the US Embassy's Defense Attaché office, stayed with us during his first week in Nepal before moving on to Campion House. As soon as he left we welcomed an old friend, Jonardon Ganeri, who is a professor at New York University and Fellow of the British Academy. Jonardon's brother, a theologian who used to teach at Heythrop College, is the current Prior Provincial of the British Province of the Dominicans and its associated missions.

Fr. Francis Tiso, an American-Italian priest from the diocese of Isernia in Italy was also our guest. Francis is quite famous as a scholar of Tibetan Buddhism. His most famous work is "The Rainbow Body and the Resurrection", along with writings on the songs of Milarepa. Francis was, for several years, advisor to the US Bishops Conference on inter-religious relations. He is also an expert on traditional herbal medicine, and (among many other things) runs a traditional medicine cooperative in Italy that provides employment to refugees.

We also welcomed two Polish academics, Prof Zbigniew Kaźmierczak, head of the Religious Studies Department of the University of Białystok, and Dr. Tadeusz Adam Ôzóg, a lecturer at several universities in Kyoto, Japan. They lectured at KU Centre for Buddhist Studies on religious pluralism and the theology of religions while with us.

The cold, wet weather at the beginning of the month put a damper on all but the first day of Losar this year. Our own observance of the holiday was also subdued because I am officially in mourning until late April.

Work with refugees proceeds apace. Peter Church and I succeeded in raising all the funds required by the Canadian government for the resettlement of our Catholic Burmese refugee family. A number of Canadian Jesuits have been extraordinarily helpful. The last hurdle will be negotiating the Burmese refugees' exit from Nepal. Before granting permission to depart, the Nepal government fines refugees an extraordinary amount of money for staying here illegally. We are hoping and praying that the Canadian ambassador can convince the Home Ministry to grant a waiver. Meanwhile, we are organizing various resources to help the Rohingya refugees encamped near Kopan with medical relief.

Greg Sharkey

DHYAN ASHRAM, KOLKATA

On February 6, after having written the exam on the Charism of the Society of Jesus, we the juniors went to St. Xavier's College, Kolkata to take up the choir with great alacrity as Calcutta Province felicitated the three newly ordained priests. February 7-9 gave us another opportunity to attend an enriching course on "learning English through computer and technology," which was given by Fr. Maria Joseph SJ. From February 11-14, we had another course on "Homiletics" under the guidance of Fr. Sunny George Kunnel SJ, where individual's practical platform was provided to perform.

We were also privileged to go to Santiniketan for study tour from February 15-18. Indeed we were blessed to visit in and around the museum and the surroundings where the great man Rabindranath Tagore lived once. Besides this, we were touched much by the love, care and hospitality shown towards us by the religious communities around. At present, we are kept on our toes preparing for the upcoming Assistancy Standardized Test to be held on next month.

Ruben Hembrom and Bipin Bara

HRDRC

The month began with a visitation of Tippling by Fr. Amrit and Juel. Fr. Dilip had an enjoyable and relaxing home visit and an opportunity to be with his family members for a month. Fr. Tek spent a couple of weeks at HRD, busy with his M.A thesis. We were happy to have Fr. Amit with us for a few days. Fr. Amrit has gone to Jhapa and then to Goa for JCSA meeting. He will be back in the beginning of March. Fr. Paul spent a few days at HRD for his eye check up and to discuss and finalize the Budget of Pokara Parish and Shishu Bikas Kendra.

Boby Joseph

BANGALORE

Arrupe Niwas community celebrated Arrupe Day on February 24. by inviting retiring staff, newly married couples and the religious sisters from neighbourhood. Fr. Clarence and Fr. Melwyn felicitated all the newly married couples and the retiring staff followed by Agape meal. Raja went home to bless his younger brother's marriage. The community had recollection at Mount St. Joseph. It was very relaxing and spiritually elevating one. Community celebrated Fr. Leo's birthday.

Raja Shekaren

*Fr Augustine Kallunkal, S.J. (KER) 70/53 passed away on February 17, 2019 in Madurai.

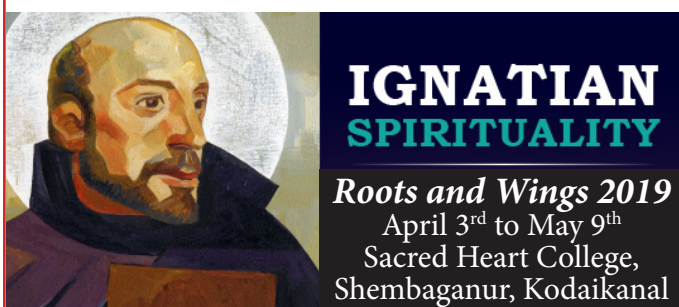

*Fr. Daniel L. Flaherty, S.J. (UMI) 89/72 died on February 13, 2019 in Clarkston.

*Fr. Philip J. Grib, S.J. (UMI), 80/55, died on Friday, February 8, 2019 in Chicago.

*Fr. Joseph Kandulna, S.J. (RAN) 79/58, passed away on January 19, 2019 in Ranchi.
